

OVERVIEW

Video conference software can be used successfully in any business. It doesn't matter if you work in the field of education, construction, health care, advertising, consulting or even horse training. Video conferencing brings people together so they can collaborate more effectively and thus save money, time and travel expenses.

VIDEO CONFERENCE SOFTWARE

Streaming BASE allows you to host live events and conferences with as many participants as needed. Using the online conferences, making decisions becomes faster and easier. Showing your products and services during a live event enables you to display and explain a newly released product while highlighting its benefits and value.

In the fast pace world of online communications, it is imperative that you keep on the cutting edge in order to succeed in business. Isn't it time to push your products and services to the next level? Try our live events and VOD solutions for free and find out how easy it is to do just that!

BROADCAST LIVE EVENTS

Broadcasting live events is made simple and easy with Streaming BASE. Streaming a live concert, business meeting or even a friends wedding is made possible with these easy to use tools.

Need to travel and be close at home at the same time? No problem, plug in a camera and headset, login to the internet and you are there! Long distance relationships are a thing of the past considering two or more people can be streaming live in two-way, high resolution video and audio in full screen mode.

TRAIN YOUR EMPLOYEES

If you need to send information to more than one center of your business, you can use this video conference software. Find out how easy is to train people without worrying about choosing the right location or about the problems caused by organizing events for too many guests.

This video conference software will save you and your stockholders a lot of money and time.

TEACH YOUR STUDENTS

Scientists have already proved the efficiency of online teaching methods. This video conference software, with all the provided facilities, guarantees that you will get fully attention from your students.

Using the tools offered by this video conference software, you could make sure that your students would completely understand what you are explaining.

EXPLORE WEB-BASED MARKETING

Get your business over the Internet. Now it's a lot easier to convince your potential customers about the qualities of the products you sell.

All you have to do is to invite them to your online presentation, and they will be really thrilled to get all the necessary information about the product they are interested in. Don't let your clients wander around supermarkets in searching for what they need. Take the products to their homes and they will certainly be grateful.

With StreamingBASE video conference software, your business will expand faster than you have ever hoped.
